DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claims 1 and 4-18 are rejected under 35 U.S.C. 102(b) as being anticipated by Huang et al.

The Examiner has reviewed and considered the comments provided in the response but does not find them persuasive in overcoming the anticipation rejection of record. It is unclear how the instant claims define over Huang et al. in view of the drawings in the instant application discussed in the specification as showing the method of the invention. It is clear that there is substantial overlap between the drawing of the instant application, and their description in the specification, and the teachings of Huang et al. The Examiner does not see how the arguments presented by Applicants define the instant claims over the prior art of record when the figures relied upon by Applicants are virtually identical to those of the prior art.

Claim Rejections - 35 USC § 103

3. Claims 1-18 are rejected under 35 U.S.C. 103(a) as being unpatentable over Huang et al. in combination with one of ordinary skill in the requisite art's ability.

The Examiner has reviewed and considered the comments provided in the response but does not find them persuasive in overcoming the anticipation rejection of record. All comments presented in the previous Office Action are incorporated herein by reference. As discussed in the rejection above, it is unclear how the claims define over the applied prior art, especially in view of the drawings and explanation in the specification. The comments about inherency and the skilled artisans ability are still pertinent in the Examiner's opinion.

Allowable Subject Matter

4. Claims 19-23 are allowed.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,
